

The Human Dynamics and Investigation of the Use of Deadly Force

presented by

DR. WILLIAM LEWINSKI
FORCE SCIENCE INSTITUTE

October 5-7, 2010
Aetna Training Center
Hartford, Connecticut

LOS ANGELES POLICE DEPARTMENT
FORCE INVESTIGATION DIVISION

A THREE DAY SEMINAR THAT INVESTIGATORS, ADMINISTRATORS, UNION REPRESENTATIVES, LEGAL COUNSEL AND POLITICAL REPRESENTATIVES CANNOT AFFORD TO MISS!

- How to analyze vital elements of controversial uses of force that are overlooked.
- Skills to help determine whether an officer is being honest when he swears his recollection of an incident is true...even though their account may conflict with forensic evidence.
- Techniques for helping officers accurately and thoroughly recall details of deadly force encounters.
- Why a site visit and/or video review may or may not be advisable before a statement.
- How to avoid critical mistakes investigators may make during post-incident interviews.
- Issues of public safety statements, bifurcated investigations, model investigative policies, criminal and civil liabilities, agencies responsibilities, officers' rights and well being, and public confidence examined in detail.

Hosted by
The Hartford Police Union

Testimonials

"Bill Lewinski is a psychologist, a college professor, a use of force researcher, and the best friend many a beleaguered cop will ever know." - *David Griffith, Police Magazine*

"Force Science puts science behind what trainers and field officers have speculated for years. My agency has used your information in training and in court. It saves officer and citizens lives." - *Sgt. James MacGillis, Milwaukee, WI Police Department*
